TALK TO THE QUICKBOOKS® EXPERTS AT MKR CPAs & ADVISORS

We take the time to listen to how you operate your business so we can efficiently offer:

- One-on-one training
- Data clean up and review
- Instruction on running useful reports
- Phone support before, during & after setup

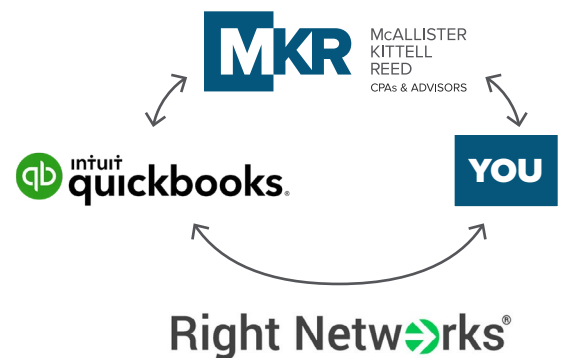

MKR + QUICKBOOKS® + YOU

We've partnered with **RightNetworks** to provide you and our staff secure real-time 24/7 remote access to your QuickBooks® software.

Benefits

- Runs on the Internet, not locally on your computer.
- Can access your file using any computer as long as you have an internet connection.
- No files to transfer from the office to home or from computer to computer.
- No network to set up.
- Extremely secure: Data is redundantly backed up behind multiple firewalls.
- Built in disaster recovery: Your data is not stored locally so it is not subject to fire, flood or theft. In case of a disaster, you are up and running as soon as you can access the internet.
- Additionally, Right Networks can host Microsoft Office & Outlook as well as other programs that integrate with QuickBooks such as; Method, Big Time, and Smart Vault.

Requirements

- Must have high-speed internet access.
- Must have a current QuickBooks license.
- (QuickBooks 2008-2017), or can lease a license for additional monthly charge.
- Can run on either Mac or PC.
- (Requires existing PC license or leased license)

WHY UPDATE YOUR QUICKBOOKS® TO THE LATEST VERSION:

- QuickBooks now offers the ability to scan source documents to data entry screen (ex: invoice for purchase of a new company truck can now be scanned and attached to the bill for the payment or the check used for the down payment).
- QuickBooks now offers a user type that is a designated External Accountant user. This enables our staff to have the functionality necessary to make adjusting journal entries, and much more. This keeps your books and records more accurately to reflect the financial statements and tax returns prepared by MKR.
- QuickBooks now offers a number of different management dashboards to give you up to the minute information on sales, account balances, inventory totals, and much more.
- QuickBooks has enhanced the forms customization process and added more custom fields for report generation.
- QuickBooks now allows you to process e-checks, saving you a trip to the bank.
